

Dallas Walker's CV

Dallas Walker

Problem-solver, Developer, and Statistician.

dallaswalker1023@gmail.com | [linkedin.com/in/dallas-walker](https://www.linkedin.com/in/dallas-walker) | [Download PDF](#)

Currently

[cite__start]Leveraging mathematical and programmatic tools for AI development[cite: 33].

Specialized in

[cite__start]C#, Prompt Engineering, AI-driven automation, and Statistical Analysis[cite: 33, 41, 42].

Research interests

[cite__start]Machine Learning (ML.NET), Star Classification systems, Data Pipelines, and Multidisciplinary Problem Solving[cite: 33, 54, 55].

Education

December 2029 (Expected) [cite__start]**Brigham Young University - Idaho** [cite: 4]

- [cite__start]BS in Science (Computer Science & Advanced Statistics focus) [cite: 2, 33]

Awards

2022 [cite_start]**CTE Presidential Scholar** [cite: 61]

[cite_start]**Eagle Scout Award Recipient** [cite: 61]

[cite_start]**Full Tuition Academic Scholarship** [cite: 61]

[cite_start]**TestOut PC Prep Certificate** [cite: 61]

Side Projects

Star Identifier

December 2025 [cite_start]**BYU Idaho** [cite: 47, 49, 52]

- [cite_start]Engineered a hybrid classification system in C# to categorize stars based on luminosity, temperature, and absolute magnitude[cite: 54].
- [cite_start]Achieved high precision through a combined physics-rule and AI approach using ML.NET[cite: 54, 55].

Occupation

January 2023 - Present [cite_start]**Teacher Assistant**, BYU-Idaho [cite: 6, 7, 12]

- [cite_start]Implemented AI-driven grading tools, resulting in a 40% reduction in grading time[cite: 13, 14].
- [cite_start]Synthesized student responses to provide faculty with real-time insight into engagement[cite: 16].

January 2022 - December 2023 [cite_start]**Instructor**, Mathnasium [cite: 17, 18, 19]

- [cite_start]Increased conceptual understanding for 50+ students (ages 6-18) through individualized plans[cite: 21].
- [cite_start]Fostered collaborative environments among instructors to improve consistency[cite: 22].

June 2022 - July 2022 [cite_start]**Team Leader**, STAR Camp [cite: 57, 58]

- [cite_start]Developed and implemented hands-on science curriculum centered on rocket building for 60-90 campers[cite: 59].
- [cite_start]Maintained a zero-incident record during high-risk activities like rocket launches[cite: 60].

January 2019 - December 2022 [cite_start]**Manufacturer**, ISignCo [cite: 23, 24, 25]

- [cite__start]Assembled complex electrical sign components and managed strict production deadlines[cite: 26].

January 2021 - December 2022 [cite__start]**Cashier & Sales Representative**, Arctic Circle [cite: 27, 28, 29]

- [cite__start]Increased peak-time efficiency by 75% while ensuring 100% accuracy in till reconciliation[cite: 30, 31].

Skills & Societies

- **Technical:** Proficient in C# and Prompt Engineering; Medium in R and OOP; [cite__start]Beginner in Python, SQL, Polars, and ML.NET[cite: 38, 39, 40, 41, 42].
- [cite__start]**Languages:** Cantonese[cite: 44].
- [cite__start]**Societies:** Computer Society (Vice President), AI Society, IEEE[cite: 63, 65, 66].
